Video tutorial on <http://bit.ly/HPcrafts>

Before You Start:

Split the yarn into individual strands.

8 strands in total, two in your primary color, one in accent.

ex. Slytherin 6 green and 2 silver/grey

Getting started: Tie a knot about 1-1/2 inches (4 cm) from the top. To get this pattern arrange your strings. Main color, main, accent color, main, main, main, accent, main. (Hufflepuff- Yellow, Yellow, Black, Yellow, Yellow, Yellow, Black, Yellow.)

Step 1: Start knotting your threads.

Move the first (1) and last string (8) out of the way. Make knots with the middle strings. Start with your first color (string 2) at the end and loop it over and then under the string directly next to it. Hold string 3 straight (this is important) and pull the knot snug to the top (but don't pull too tightly or it will snap!)

Step 2: Repeat step one to double knot.

Step 3: Repeat steps 1 and 2, making double knots as you make your way from end to end, bringing your string to the opposite side.

Step 4: Repeat ALL steps with string 3,4,5,6,7 and then start from 1 making your way all the way to 8 working from one end to the other.

Step 5: Once you've gotten to the desired length, braid till you get to the end of your string and tie a knot to secure it.

Step 6: Braid and knot your other end.
