

Master Naturalists Present...

Nature presentations from local experts of
the North Texas Master Naturalists
Every 3rd Saturday @ 11 AM

Saturday, November 20 11 am - 12 pm
The Nature of the Moon

"Moonlady" Amy Martin will share her deep knowledge of the Moon. Find out about synchrony, which creates tides and cause us to only see one side of the Moon, and how it led to life on Earth. Learn how you can live in tune with the Moon with night hikes, lunar gardening, Moon phases, and lunar-based spiritual holidays. Find out the many ways plants and wildlife respond to the lunar phases. Then treat yourself to a moonwalk—the nature-based one, not Michael Jackson's—and dance with your moonshadow tonight.

This program is available online only, through Zoom.
