

Master Naturalists Present...

Nature presentations from local experts of
the North Texas Master Naturalists
Every 3rd Saturday @ 11 AM

Saturday, March 19 11 am - 12 pm
**Native Plants and their Role within the
Municipal Water Reuse Ecosystem**

Native plants play a vital role in the East Fork Water Reuse Project. This photograph-intensive presentation will provide an overview of the project including its unique partnership with the John Bunker Sands Wetland Center. Presenter Carol Garrison, Education Coordinator for the Wetland Center, will focus on several native plants with specific attention to their water cleaning properties and value to the local ecosystem.

This program is available online only, through Zoom.
