## Shakespeare Adventure Walk Instructions

1. Read the beginning of the story posted at the library entrance doors on the 1st floor or on any floor of the library.
2. Choose where you want to go next based on the options given on the starting poster. The map indicates your options for each level of the walk. There are 5 levels with 2 possible options at each level. (You don't have to stick to route A or B the whole time. Switch it up! You get to pick your adventure!)
3. Walk to your selected next location and find the Adventure Walk poster in the door or window of the business. Read the next part of the story. (Make note of the letter in the upper right-hand corner of each poster. They will spell out a secret word to unlock a prize at the end.)
4. Repeat step 3 until you have read all 5 parts, collected all the letters, and completed the story!
5. Return to the library to get your prize at the 1st floor reference desk. Prizes can be claimed during regular open hours (while supplies last).

As you walk around, feel free to go in, explore, or grab a bite to eat at any of the businesses that the walk takes you to or that you pass.

Please be courteous. Do not block the entrances or interfere with business needs.

If you have a program question, please contact the library directly at 214-670-1400.
