

Library Parking

The library has an underground parking garage that can be entered via Wood st. between Akard and Ervay st. There is a mural at the entrance ramp to the garage to help guide you.

Because the garage entrance is on the opposite side from the street entrance, if you will use GPS to navigate to the library, enter a dummy address of **1500 Wood St**, which will get you close to the garage entrance.

As well as a parking garage, there are parking meters on Young st. Right in front of the library, on Wood st. behind the library, as well as parking lots on Wood and Ervay st.

Directions can be found at <http://dallaslibrary2.org/directions-central.php>
